The City of Perth

Perth offers an inspiring study environment with sunny weather, a relaxed outdoor environment and beautiful natural scenery. For several years in a row, Perth has been recognized as one of the top 10 most livable cities in the world.¹

People from across the world are drawn to Western Australia. Our State has become the most culturally diverse, with around 30 per cent of the population born elsewhere and over 170 nationalities represented across the community.²

Perth is a popular destination for international students as it offers a stimulating study environment that shares the same time zone with 60 per cent of the world's population. It is also only a few hours' flight time to several Asian cities, making it easy to keep in touch with family and friends.
